## **America's Parks** Philippe Bourseiller

Moving from the cascading waters of Niagara Falls to the massive volcanoes of Hawaii, renowned nature photographer Philippe Bourseiller takes readers on a captivating visual journey through 67 of the most magnificent natural sites in North America. The product of an entire year spent coursing the length and breadth of the United States, *America's Parks* captures the amazing diversity and ecological richness of some of our most important natural wildlife areas.

Bourseiller's free-ranging camera captures more than 200 breathtaking aerial and terrestrial images of wild America, from Mount St. Helens to the ice fields of Alaska, while essays from three prominent environmental journalists place the sites in historical, scientific, and sociological context. The result is a sumptuous panorama of unrivalled beauty that argues eloquently for environmental protection.
