The Network Consultant's Guide is designed as a training tool for consultants in the Network process of Discovery, Consultation, and Service. Consultants provide the critical link between the believer's identification of their Servant Profile (Discovery) and the identification of specific areas of ministry (Service). This practical guide will help consultants identify key indicators to effectively direct Network participants into meaningful places of ministry. Network is a dynamic program to help Christians understand who God has uniquely made them to be and mobilize them to a place of meaningful service in the local church. Each participant in Network will work through a series of assessments which leads them to discover their unique blend of spiritual gifts, passion, and personal style. These participants are also taught the biblical nature and purpose of the church as the body of Christ and the unique importance of each member's contribution. Network works with any size group, from groups of 4-12 to large groups of 15 to 150 or more. Network can be presented successfully in these different formulas: 1. Four sessions of two hours each 2. Eight sessions of 45 minutes each 3. One-, two-, three-day retreats 4. The one that works best for your church!
