A true story of the author's meeting of a man whom she now believes to have been the devil's reincarnate... nefarious... evil... soulless... An entity who in the end tried with everything in him to destroy the writer by way of both her spirit and her flesh... a man who provided proof to the writer that true evil does exist, that there is a hell awaiting those who are evil and that the spirit of Satan is both alive and real... Excerpt from the book: ... I thought I had met the perfect man. His name was Nefarious and he made me want to love again. But as time went on, Nefarious began to change. I began to recognize things so dark and sinister within him, as I watched him go from the man that I loved to ultimately being the wolf that had lied in wait for me. A wolf, my wolf, so evil that he moved my watchtower, deceived me into leaving behind my lifeboat and ultimately into losing sight of the lighthouse that had always been in place for me. And it was by way of my wolf, that I was led away from this world and to others. Worlds that were so terrifyingly dark and unforgiving. And for a moment, I left it all behind and stayed in this world. I stayed far beyond the point of rationality and basic human instinct. And it was in this world, his world, that I encountered an indescribable darkness. The place where evil was being housed. And it was during this time that a series of life changing events began to further unfold. Events that shook me and changed me forever as a person... But here's the question: Would you believe me to be crazy, if I told you that I had spent a night in hell? That I had seen the spirits that dwelled there and heard the suffering? That I had encountered Satan himself? Would you make that telephone call that would have me confined and placed into a straitjacket? The headline in the paper reading, "Local Talented Black Writer Loses Her Mind?" Now, when I say that I encountered Satan, I mean that I saw Him with my own eyes, heard Him with my own ears and felt what I believed to be... His hands on me? There are things in this world, in this life, that will happen to you. Things that will forever change who you are and what you believe to be real. For me, meeting Nefarious was that turning point. I believe, The Wolves That Lie in Wait, to not only be my story, but everyone's story. It is the book that will leave you questioning, "Who is the wolf in your life?"
