Enhancement (Black Market DNA) (Volume 1) Anthony J Melchiorri

Chris Morgan is a brilliant scientist who wants to save lives... But someone is out to take his.

In near-future Baltimore, scientific breakthroughs in genetic engineering promise to cure the incurable. But these new technologies are not without a dark side. Powerful criminal organizations thrive on peddling illicit genetic wares, waging an underground war unlike any the city has ever seen. Their numbers are growing, and their very existence threatens the stability of the city and the future of biotechnology.

Chris Morgan, a talented scientist with a checkered past, finds himself in the middle of a terrifying conspiracy. A mysterious criminal group has him in their crosshairs, and he doesn't know why. In a perilous race against time, he realizes far more is at stake than just his life.

Enhancement is a fast-paced, near-future thriller about genetic engineering, organized crime, and the abuse of advanced technology.
