Radiologic Science for Technologists: Physics, Biology, and Protection Stewart C. Bushong

Develop the skills you need to safely and effectively produce high-quality medical images with **Radiologic Science for Technologists: Physics, Biology, and Protection, 11th Edition**. Reorganized and updated with the latest advances in the field, this new edition aligns with the ASRT curriculum to strengthen your understanding of key concepts, and prepare you for success on the ARRT certification exam and in clinical practice. Firmly established as a core resource for medical imaging technology courses, this text gives you a strong foundation in the study and practice of radiologic physics, imaging and exposure, radiobiology, radiation protection, and more.

- **Expanded coverage of radiologic science topics**, including radiologic physics, imaging, radiobiology, radiation protection, and more, allows this text to be used over several semesters.
- **Chapter introductions, summaries, outlines, objectives, and key terms** help you to organize and pinpoint the most important information.
- **Formulas, conversion tables, and abbreviations** are highlighted for easy access to frequently used information.
- **"Penguin" boxes** recap the most vital chapter information.
- **End-of-chapter questions** include definition exercises, matching, short answer, and calculations to help you review material.
- **Key terms and expanded glossary** enable you to easily reference and study content.
- **Highlighted math formulas** call attention to key mathematical information for special focus.
- **NEW! Chapters on Radiography/Fluoroscopy Patient Radiation Dose and Computed Tomography Patient Radiation Dose** equip you to use the most current patient dosing technology.
- **NEW! Streamlined physics and math sections** ensure you're prepared to take the ARRT exam and succeed in the clinical setting.

From reader reviews:

Ian Louviere:

What do you about book? It is not important together with you? Or just adding material when you need something to explain what the one you have problem? How about your extra time? Or are you busy particular person? If you don't have spare time to complete others business, it is make you feel bored faster. And you have free time? What did you do? Everyone has many questions above. They must answer that question mainly because just their can do in which. It said that about e-book. Book is familiar in each person. Yes, it is suitable. Because start from on jardín de infancia until university need that Radiologic Science for Technologists: Physics, Biology, and Protection to read.

Patricia Ackermann:

In this 21st millennium, people become competitive in most way. By being competitive currently, people have do something to make these people survives, being in the middle of typically the crowded place and notice by surrounding. One thing that occasionally many people have underestimated it for a while is reading. Yep, by reading a publication your ability to survive enhance then having chance to endure than other is high. For you who want to start reading any book, we give you this kind of Radiologic Science for Technologists: Physics, Biology, and Protection book as beginner and daily reading e-book. Why, because this book is greater than just a book.

Jack Rolfes:

In this time globalization it is important to someone to acquire information. The information will make anyone to understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of sources to get information example: internet, classifieds, book, and soon. You can observe that now, a lot of publisher that will print many kinds of book. Often the book that recommended for your requirements is Radiologic Science for Technologists: Physics, Biology, and Protection this guide consist a lot of the information of the condition of this world now. This book was represented how can the world has grown up. The terminology styles that writer use to explain it is easy to understand. The writer made some study when he makes this book. That is why this book acceptable all of you.

Joyce Martinez:

Many people spending their time by playing outside along with friends, fun activity together with family or just watching TV the entire day. You can have new activity to invest your whole day by reading a book. Ugh, ya think reading a book really can hard because you have to bring the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Mobile phone. Like Radiologic Science for Technologists: Physics, Biology, and Protection which is obtaining the e-book version. So , try out this book? Let's observe.
