Paradoxes of Culture and Globalization Martin J. Gannon

"A truly extraordinary book! The range of knowledge revealed by the author is quite astonishing and the material presented is done so in a clear and unambiguous writing style."The book includes astonishingly varied perspectives on issues that will impact the hoped-for positive consequences of globalization. I felt I was being informed by an expert who grasps the complexity of the issues involved in ways that make them clear and useful. If I was teaching a course that had anything to do with globalization and/or culture, I would assign this book—and if I knew of someone who was being assigned to another country, I would require him or her to read this book."

—Benjamin Schneider, *Valtera Corporation and Professor Emeritus, University of Maryland*
