Book of the Cube: Cosmic History Chronicles Volume 7 Jose Arguelles, Stephanie South

The Book of the Cube has been called forth by death, rebirth and liberation from cosmic disorder. It is the seventh and final in the Cosmic History Chronicles series, signifying the capacity for the creative process to equalize itself in all directions simultaneously. All aspects of creation are equal as are all sides of the cube.

This oracular book comes with the reminder: All reality is equidistant from your perceiver!

Book of the Cube is a self-oracle where you take the journey into the inner dimensions of nature - where mind creates reality and reality creates mind. From the portals of mind come the dimensions of time, space and number.
