Introducing GitHub: A Non-Technical Guide Peter Bell, Brent Beer

If you're new to GitHub, this concise book shows you just what you need to get started and no more. It's perfect for project and product managers, stakeholders, and other team members who want to collaborate on a development project—whether it's to review and comment on work in progress or to contribute specific changes. It's also great for developers just learning GitHub.

GitHub has rapidly become the default platform for software development, but it's also ideal for other text-based documents, from contracts to screenplays. This hands-on book shows you how to use GitHub's web interface to view projects and collaborate effectively with your team.

- Learn how and why people use GitHub to collaborate
- View the status of a project—recent changes, outstanding work, and historic changes
- Create and edit files through GitHub without learning Git
- Suggest changes to projects you don't have permission to edit directly
- Use tools like issues, pull requests, and branches to specify and collaborate on changes
- Create a new GitHub repository to control who has access to your project

From reader reviews:

Karen Partain:

Have you spare time for any day? What do you do when you have much more or little spare time? Yeah, you can choose the suitable activity for spend your time. Any person spent their particular spare time to take a stroll, shopping, or went to the actual Mall. How about open as well as read a book entitled *Introducing GitHub: A Non-Technical Guide*? Maybe it is to be best activity for you. You recognize beside you can spend your time using your favorite's book, you can smarter than before. Do you agree with it is opinion or you have various other opinion?

Mark Shanks:

People live in this new morning of lifestyle always aim to and must have the spare time or they will get wide range of stress from both daily life and work. So , when we ask do people have extra time, we will say absolutely indeed. People is human not just a robot. Then we ask again, what kind of activity are you experiencing when the spare time coming to you of course your answer can unlimited right. Then ever try this one, reading textbooks. It can be your alternative throughout spending your spare time, the particular book you have read is *Introducing GitHub: A Non-Technical Guide*.

Doris Brown:

Playing with family within a park, coming to see the marine world or hanging out with buddies is thing that usually you could have done when you have spare time, in that case why you don't try point that really opposite from that. A single activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love *Introducing GitHub: A Non-Technical Guide*, it is possible to enjoy both. It is fine combination right, you still wish to miss it? What kind of hang-out type is it? Oh seriously its mind hangout people. What? Still don't obtain it, oh come on its referred to as reading friends.

Eula Johnson:

Are you kind of active person, only have 10 or 15 minute in your time to upgrading your mind talent or thinking skill also analytical thinking? Then you are experiencing problem with the book than can satisfy your short time to read it because pretty much everything time you only find guide that need more time to be study. *Introducing GitHub: A Non-Technical Guide* can be your answer as it can be read by you who have those short free time problems.
