Product Review:

AMERICA, 1786. Ten years have past since the signing of the Declaration of Independence. But America's hopes for a united country are dangerously threatened. England wages a new war of unfair trade and tariffs. Fragmented states continually bicker over currencies, trade, taxations. America is a powder keg ready to explode.

But a handful of brilliant courageous men, **James Madison, George Washington, and Benjamin Franklin,**

and others lead a three year diplomatic battle that culminates in Philadelphia. There they created a new form of government...one that has since become the standard of freedom and democracy for the rest of the world.

Now, in a convenient 96 page booklet, PowerThink Publishing (publishers of The Five Thousand Year Leap & US Constitution Coach Kit), brings you ***The US Constitution: A Pocket Reference***. This booklet gives you everything you need and more to gain a knowledge of the US Constitution and other key documents. Not only does it include the **complete Constitution of the United States** along with the **Bill of Rights** and **all the Amendments** but we have also included **A Brief History of the US Constitution**, a work that was first published by the National Archives under the title *A More Perfect Union: The Creation of the Constitution*. This useful work gives a detailed glimpse into the key events leading up to and surrounding the summer of 1787 when a 'few good men' got together in order to form 'a more perfect union' for the people of America. From the abolishment of the Articles of Confederation and the introduction of the Virginia Plan to the Great Compromise and the Document Enshrined, this pocket guide to the US Constitution is a work you won't want to be without.
