Scott Mueller's Upgrading and Repairing Laptops, Second Edition Scott Mueller

Scott Mueller has gone where no computer book author has gone before — right past all the warranty stickers, the hidden screws, and the fear factor to produce a real owner's manual that every laptop owner should have on his desk. *Upgrading and Repairing Laptops, Second Edition* shows the upgrades users can perform, the ones that are better left to the manufacturer, and how to use add-on peripherals to make the most of a laptop. This second edition has been updated to include:

- The latest processors and motherboards
- Complete assembly and disassembly information
- Updated memory standards
- Upgrading your hard drive to increase performance
- Changes in networking and firewalls

The included DVD contains one-of-a-kind video showing just what's inside a portable PC. If you have ever wondered what goes on inside your portable PC, how to upgrade/repair it, or how to live on the road with it, this is the one must-have book of the year!
