Good Side of Christian Science Ntaking up this subject, a subject that is attracting world-wide attention at the present time, I wish to say that I have the greatest regard and the highest admiration for the Christian Science movement as a movement, and for the principles upon which the movement is based; and the principal cause of my regard and admiration is this, that I admire everybody and everything that has a great purpose in view, and that works for it with all the power that life can give.
