The subject of sex might not be taboo anymore, but frank discussion about sexual health and diseases is uncommon. This book tackles the painful and often confusing disease known as endometriosis. A complement to the school health curriculum, the reader will get an accurate and thoughtful investigation of endometriosis and understand how it affects one's sexual health. Suitable for those who suffer from endometriosis or those who know someone who does, the book covers all aspects: definition, causes, treatments, and management of a healthy, happy school and social life.
