Rebel soldier Darke lost his lover during the early stages of the InterNations war. Only the flirtatious attentions of the gorgeous Leon Cheramie brought him back from heartbreak and grief. Unwilling to get attached again, Darke has fought their undeniable attraction to one another. But when Leon's life is threatened, Darke cannot deny what's been brewing between them.

After escaping certain death at the hands of the enemy, the brave and determined Leon has proven himself capable of fighting in the war. The only thing he hasn't been able to do is capture the heart of the fearless warrior Darke. When a huge victory is won for the revolutionaries, Darke and Leon finally give in to their feelings for one another.

But the celebration is short-lived when Leon is infected with a deadly virus. He's a human time bomb set to plague the entire rebel population. Now, the final endgame of the war is pitted against the rebels' race to find a cure before Leon becomes a full-blown carrier and Darke loses the man who managed to win his love and bring him back to life.
