The Kraken K.T. Tomb

A sweeping historical adventure that's equal parts romance and thriller, K.T. Tomb's latest novel takes the reader from war-torn ancient Greece to deep sea dangers...and something far worse.

On the brink of the Roman Invasion of Greece, the city of Corinth, well established as a mighty seat of power in the Achaean League, is threatened with impending destruction. Widespread colonization of the mainland has severed crucial supply chains and the need to establish a fruitful colony of their own has emerged.

Aineias and his steersman, Pyrrhus are the only sailors willing to take on the voyage which will take them across the Seas, through the Pillars of Hercules and into the vastly unknown Oceans beyond in search of Priteni, a beautiful and fertile island of fable.

With his crew of free man and a chain of Tracian slaves, Aineias sojourns to the end of his world and into the new in search of a land whose colonization could save the future of his beloved city. But as their journey progresses, evidence that the Romans are preparing for a major incursion on Achaea becomes more and more evident. The men soon realize that the only hope they have of saving Corinth before the Romans reach the isthmus of Megara is to chase after a legendary creature which has been destroying ships and killing sailors around the Strait.

If they could capture it and bring it East with them, they could turn it loose on the expanding navies of Rome and put an end to their attack on Greece. They know their task is impossible, even the gods have told them so, but if Aineias and his men are to change the fate of their homeland, then they have no choice but to seek...the Kraken.

From reader reviews:

Richard McCain:

Do you have favorite book? Should you have, what is your favorite's book? Book is very important thing for us to find out everything in the world. Each guide has different aim as well as goal; it means that e-book has different type. Some people really feel enjoy to spend their time for you to read a book. They may be reading whatever they acquire because their hobby is usually reading a book. Think about the person who don't like reading a book? Sometime, particular person feel need book after they found difficult problem or exercise. Well, probably you should have this The Kraken.

Jessie Nathan:

Information is provisions for anyone to get better life, information currently can get by anyone from everywhere. The information can be a information or any news even an issue. What people must be consider when those information which is inside the former life are challenging be find than now could be taking seriously which one would work to believe or which one the resource are convinced. If you have the unstable resource then you get it as your main information we will see huge disadvantage for you. All those possibilities will not happen within you if you take The Kraken as the daily resource information.

Tammi Rosado:

Reading a e-book can be one of a lot of pastime that everyone in the world really likes. Do you like reading book so. There are a lot of reasons why people like it. First reading a e-book will give you a lot of new details. When you read a publication you will get new information simply because book is one of a number of ways to share the information or even their idea. Second, looking at a book will make a person more imaginative. When you reading a book especially fictional book the author will bring one to imagine the story how the figures do it anything. Third, it is possible to share your knowledge to others. When you read this The Kraken, you could tells your family, friends in addition to soon about yours publication. Your knowledge can inspire different ones, make them reading a e-book.

Ronnie Correa:

A lot of guide has printed but it is unique. You can get it by online on social media. You can choose the very best book for you, science, witty, novel, or whatever simply by searching from it. It is known as of book The Kraken. You can add your knowledge by it. Without making the printed book, it can add your knowledge and make an individual happier to read. It is most essential that, you must aware about reserve. It can bring you from one location to other place.
