This is a book **packed with amazing information**. Not only does it cover subjects like the **Law of Attraction, manifesting, visualizing, and faith**, but it has over **50 full colour and vibrant illustrations**, too. I have had a most amazing journey since I returned to painting in 2003. The **Universe guided, protected, nurtured me, and gave me information** on how to achieve my dreams as well as align me to people who could also help me with my goals and dreams. **I now live a most charming life**. I am doing all that I hoped I would do when I was a young girl with aspirations. **I am singing professionally** with a band-123 Orion. **I am painting, exhibiting and selling my art. I am inspiring and motivating others to follow their dreams through my Planting Positivity workshops**. I am building up people's **self esteem, confidence, imagination, creativity and vocal projection** through my '**DeRigours**' Drama groups, and I am helping others find out what their passions and dreams are through my **workshop- ArtsSpa**.

I am thrilled. It has taken a long time to get here, and I lost the young girl with aspirations for fourteen years, because conformity and other people's perception of 'proper' and 'real' buried her totally. However, having found her again I knew I could not look back, **I knew I had to do all I could to follow my dream and keep her alive**.

Initially my dream was to be a hugely successful Artist, selling my work for ridiculously large sums of money and travelling all over the world for inspiration. Then I realised my purpose was something else, something more. **I realised my purpose was to help others**, and as many others as I could, **to find the courage and confidence to follow their dreams too**.

In 2007, when I was in a state of gratitude for all the marvelous things that had happened, all the wonderful gifts I felt I had been given and more importantly for all the guidance I had received from the Universe, **I was asked, by this source not to keep things to myself, but to share it with others**. That is the reason **I wrote FACE2FAITH**.

It is not a book about religion; but **it is a book about faith**. It is a personal recount of how I managed to become successful. Documented in this book are the opportunities and successes that came my way when I finally tapped into what I always loved and followed my dreams. I believe **this book will encourage you and show you some of the ways that you can bring yourself into alignment and how you can begin to find and follow your dreams**.

We are all special; we are all looked after and protected. When we can realise this fact, we can begin to **let go of the fear, the limiting beliefs and the doubts** that have held us back.

Throughout the book, my **artwork stands out as examples of certain projects or as visual representations of the thoughts and feelings I have experienced**.

I believe the **words and the pictures help to encourage you that whatever it is you have inside it is worth tapping into it and using your God given talents to begin creating your dream life**. You are never too late.
