The Future Kingdom Volume 2: The Prophets Stephen R. Bush

The second volume of The Future Kingdom series continues to trace the development of this important topic through the Scriptures. Picking up from the promises made to the patriarchs, this book considers the predictions of the Old Testament prophets. From Isaiah to Malachi the consistent message to Israel is that a time of great blessing awaits believers after the pouring out of God's wrath upon the nations. These authors picture in great detail a time when Christ rules over the world and righteousness prevails. Special attention is paid to the books of Isaiah, Daniel, Ezekiel and Zechariah. The writing style is both in-depth and conversational, and the content is based upon the exposition of specific passages of Scripture. This volume will change the way that you view God's plan for human history.
