Escape from the Addiction to Pornography: A Way Out Anonymous

This book makes available the blueprint of AA's Spiritual and organizational methods for those U.S. males who discover at any age that they are hopelessly addicted to pornography, strip bars, prostitutes and their own sexual fantasies and orgasm. Although a very delicate subject in our society, someone has to make this information available to the thousand of U.S. male college students, military members, single and married men who are afflicted with this addiction and need a way out. The book has been written by someone who although fortunately was able to stop drinking and smoking with the help of Alcoholics Anonymous at the age of 29, was not successful with the pornography addiction until his late 50's. The addiction takes away everything that we work and strive for, only to leave us once again in a state of hopeless demoralization.
