The Four Dreamers of Strathbrochan Hugh Galt McKenzie

Four young friends from the small peaceful Scottish village of Strathbrochan are walking on the banks of tranquil Loch Brochan when they witness a momentous event; one that will change their lives. A strange object hurtling from the evening sky plunges into the Loch causing the still waters to churn and send mysterious clouds of vapour around them. The friends have a reputation in the village for telling tall stories and deciding that no one will believe what they saw, vow to keep the events a secret. When they return to the Loch as they stand holding hands looking over the water the mysterious clouds envelope them again and suddenly they are transported to a different time and space. Hugh Mckenzie's fascinating book sees the friend transported to momentous events in distant and not so distant times where they gain a fascinating insight into past events and the lives of the people they witness.
