Start with a warm tropical climate. Add an abundance of exotic natural building material. And then let the cross currents of Asian design and aesthetics create a rich architectural alchemy of its own. The result? The exquisite homes of the Philippines, a perfect balance of form and functionality, beautifully portrayed in *Tropical Living*.

Featuring an introduction by anthropology professor, Fernando Nakpil Zialcita, *Tropical Living* is a feast for lovers of Southeast Asia and anyone interested in design concepts from this fascinating and underrepresented corner of the world.
