Understanding and Treating Military Sexual Trauma (Focus on Sexuality Research) Kristen Zaleski

This thorough analysis of sexual assault in the military examines the scope of this long-neglected issue using a lens informed by modern day attachment and trauma theories. Starting with an overview of sexual violence during wartime, it details the cultural and organizational aspects of military life--and entrenched ideas about war and masculinity--that compound military sexual trauma (MST) and reinforce barriers to treatment for women and men. The book's second half reviews empirically-supported interventions for MST survivors, recommending therapy that attends to somatic, implicit, relational based aspects of trauma processing rather than the conventional cognitive therapies currently funded in many military mental health programs. This powerful presentation, which includes sobering quotes from survivors, also raises serious questions about meeting veterans' needs, training for on- and off-base clinicians, and government funding.

Included in the coverage:

- The history of sexual violence in war.
- Trauma and recovery in military culture.
- The neurobiology of trauma.
- A military rape sub-culture hypothesis about the hidden sexual assault epidemic.
- How military culture and military law affect the immediate aftermath of MST.
- Treating the trauma and not just the memory.
- Questions the “one size fits all” approach of many trauma therapies for MST.
- Top-down cognitive-based treatment for MST.
- Body-based bottom-up psychotherapy for MST.

Understanding and Treating Military Sexual Trauma belongs in the libraries of private practice clinicians and government psychologists. It provides cutting edge knowledge to practitioners in training, such as graduate-level students studying psychology and social work. Its dual emphasis on military culture and women's lives will appeal to students in gender studies, sociology and program planning disciplines.

From reader reviews:

Eleonora Plunkett:

Do you have favorite book? When you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each publication has different aim or perhaps goal; it means that book has different type. Some people experience enjoy to spend their the perfect time to read a book. They are reading whatever they have because their hobby is usually reading a book. What about the person who don't like studying a book? Sometime, man feel need book whenever they found difficult problem or maybe exercise. Well, probably you will require this Understanding and Treating Military Sexual Trauma (Focus on Sexuality Research).

Lillian Robbins:

What do you in relation to book? It is not important along? Or just adding material when you need something to explain what you problem? How about your free time? Or are you busy particular person? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have time? What did you do? Every individual has many questions above. They have to answer that question since just their can do this. It said that about guide. Book is familiar on every person. Yes, it is suitable. Because start from on pre-school until university need this kind of Understanding and Treating Military Sexual Trauma (Focus on Sexuality Research) to read.

Julie Nealy:

As a scholar exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some book, they are complained. Just small students that has reading's spirit or real their interest. They just do what the instructor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Understanding and Treating Military Sexual Trauma (Focus on Sexuality Research) can make you truly feel more interested to read.

Eric Sanders:

What is your hobby? Have you heard which question when you got college students? We believe that that issue was given by teacher with their students. Many kinds of hobby, All people has different hobby. And you also know that little person similar to reading or as examining become their hobby. You should know that reading is very important and book as to be the factor. Book is important thing to include you knowledge, except your personal teacher or lecturer. You get good news or update with regards to something by book. Many kinds of books that can you go onto be your object. One of them are these claims Understanding and Treating Military Sexual Trauma (Focus on Sexuality Research).
