Narendra Modi: Changing Direction of The Wind and Challenges Ahead M L Gupta

Mahatma Gandhi, Martin Luther King and Nelson Mandela are not born every day. They are the products of the cumulative thinking of a society for decades and even centuries. Ignoring such leaders is no act of wisdom. Narendra Modi, Prime Minister of India, is a similar product of the past and present cumulative thinking of the people of India and their vision for the future. Perhaps there is no other Indian politician who has braved more coordinated attacks from the legislature, executive, judiciary and the media than PM Modi. Yet he has done the unimaginable by changing the direction of the wind taking the country from the disastrous path of mis-governance, corruption and calamity to transparency with a strong and stable good government; from dejection to hope; from shame to honor. If you are interested in Indian politics, economic and developmental policies, business opportunities, academia, terrorist threats to its sovereignty and people, media working, world peace, non-violence, elections, democracy and administration of justice, then this book is a must read for you.
