Northern Star: A Whale of a Tale Robert Mickey Maughon

From prolific author Robert Mickey Maughon ("New Orleans E.R.," "Bell Witch: the Movie," and the hugely popular "Elvis Is Alive" trilogy) comes this completely new "whale of a tale" that will draw you into the irresistibly beautiful but often dangerous undersea world and lives of an amazing pod of Humpback Whales known as Northern Star. Follow the book's real life drama of newly created animal kingdom characters with a fascinating, very touching and surprisingly human take on life: Remmo, Hark, Tran, Nob, Apple, Bufflet, Crazy Edna, Tutor the Turtle, Chandler the Seagull and many others. Yes, there are humans in the story, too. Most notably, two Cetacean biologists, Dr. Maria Santos and Dr. Samuel Harston, who are not only desperately trying to "crack the code" of humpback speech and communication, but find themselves trying to decipher the signals of love that happen between them.
