As a college student, I exactly feel bored to be able to read. If their teacher inquired them to go to the library or make a summary for some book, they are complained. Just little students that have reading's heart and soul or real their passion. They just do what the trainer wants, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this The Story of Wine can make you feel more interested to read.
