Dead At Daybreak

Deon Meyer

Dead At Daybreak Deon Meyer

A brutal murder, an empty safe and a missing will - this is the central theme around which this thrilling who-dun-it from South African Deon Meyer evolves. The unlikely hero takes the form of Zatopek "Zet" van Heerden, a former policeman who once excelled in Police Science, but now is a lonely, aggressive alcoholic, bent on self destruction. It is also well known that the safest place to be when Zet fires a gun is directly in front of the target. Zet was on the scene when an accused serial killer fatally shot his partner and mentor, but this is not the only skeleton in his closet. The author skillfully ties in his past and present, so we soon get a picture of what makes Zet tick. At the beginning of the story, a drunken tussle with a group of five men lands Zet some jail time, but a former colleague links him up with attorney Hope Beneke, who has a job for him. Hope's client is Wilhelmina Johanna "Wilna" van As, significant other of Johannes Jacobus "Jan" Smit, the unfortunate target of the aforementioned murder and robbery. Zet has seven days to recover the missing will before Wilna loses her inheritance, and the investigation takes every ounce of his considerable skill. It immediately becomes obvious that nothing can be taken at face value, and that the case goes back nearly two dozen years to 1976. Time is running out, the situation is getting desperate and the players are bringing out the big guns. A richly embellished tale, laced with murder, mayhem, intrigue, a little romance and a lot of cooking.
