How can you find books and magazines that nurture a child's love of reading? Safe and long-lasting toys that inspire the imagination? Audiotapes of superior musical quality? Computer software that is appealing and age-appropriate? Videotapes of educational value? The Preschool Resource Guide is an extraordinary resource for parents, educators, and caregivers who need to locate quality educational items for young children. With her invaluable experience in working closely with children and their families, Harriet Friedes, M.A., has been able to gather materials that, in age-appropriate fashion, educate and entertain, give the most value for the money, and engage a child's active intellectual capacities. With selection criteria based on endorsements from professional associations, members of the media, educators, and parents, this book is carefully designed to feature the following: the best, brand-specific books, magazines, toys and games, computer software, audiotapes, and videotapes; relevant insights on behavioral development; a helpful checklist of skills for kindergarten readiness; an extensive array of free and inexpensive materials to promote creativity; and an annotated listing of parenting literature and support groups devoted to preschool issues. The Preschool Resource Guide is an especially well timed publication in light of today's trend for children to begin school at earlier ages, the increased emphasis on preschool education, and the expensive products of dubious value pitched to the consumer. As a cost-conscious alternative to this approach, Ms. Friedes has conveniently designed individual chapters as self-contained units that feature prime preschool materials and vital information needed to enhance an appreciation and enjoyment of learning between child and parent. This engaging, comprehensive book will be referred to repeatedly by parents and other family members, teachers and administrators of early childhood education, nursery and kindergarte

#### Allison Phelps:

Nowadays reading books become more than want or need but also become a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book that improve your knowledge and information. The info you get based on what kind of reserve you read, if you want send more knowledge just go with schooling books but if you want feel happy read one along with theme for entertaining for example comic or novel. Typically the The Preschool Resource Guide is kind of publication which is giving the reader unstable experience.

#### April Cotton:

The reason why? Because this The Preschool Resource Guide is an unordinary book that the inside of the book waiting for you to snap this but latter it will surprise you with the secret this inside. Reading this book next to it was fantastic author who also write the book in such incredible way makes the content within easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this any more or you going to regret it. This unique book will give you a lot of gains than the other book possess such as help improving your proficiency and your critical thinking way. So , still want to delay having that book? If I ended up you I will go to the book store hurriedly.

#### Robert Knight:

Playing with family within a park, coming to see the sea world or hanging out with close friends is thing that usually you might have done when you have spare time, then why you don't try thing that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love The Preschool Resource Guide, it is possible to enjoy both. It is excellent combination right, you still need to miss it? What kind of hangout type is it? Oh come on its mind hangout guys. What? Still don't obtain it, oh come on its called reading friends.

#### William Pettigrew:

As a pupil exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some publication, they are complained. Just little students that has reading's soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The Preschool Resource Guide can make you sense more interested to read.
